

We are sharing our profits with you, the people we serve!

Eastern Slope Rural Telephone Assoc., Inc.

ESRTA tracks how much you pay for services during the year.

At the end of the year, ESRTA closes its books and determines if there are excess revenues, called profits.

ESRTA's profits are allocated to members, as capital credits, based on the amount of services purchased during the year.

As ESRTA's financial conditions allow, the Board of Directors will elect to pay a portion of these capital credits.

The enclosed check is your share of the \$512,181 ESRTA is returning to our members this year!
